

Flexi Ceiling-, Table- and Filter Extractor Arms D.160/200 mm

Inside Parallelogram Support Arms. Flexi Ceiling-, Table- and Filter extractor arms have the support arm inside. They are designed with the modern parallelogram technology for superior manoeuvrability and retaining of position.

Flexi Ceiling Extractor Arms FLT, with turning flange for ceiling mounting, come in 1,5•2•3•4•5 m models. They have a strong turning flange with 8 holes for M8 bolts. C/c 230 mm. The extractor arms have the same specification as Flexi Minor, Major and Horizontal but are without wall brackets.

Flexi Table Extractor Arms FLB, with turning flange for table mounting, come in 1,5•2•3 m models. Turning flange and specification like above.

Flexi Filter Extractor Arms FLF, without turning flange, are to be mounted standing in a suitable bearing, like the one on the mobile filter Mobi-Flex. Come in 1,5•2•3 m models. Shaft diameter is 25 mm.

30 Years Experience!

30 years experience of design and manufacturing at your service. The Plymoth products are a combination of well-proven technique and progressive new ideas.

Plymoth is always a step ahead – but not expensive!
