

## Mobi-Flex 1.5 • 2 • 3 m D.160 mm

### Welding Fume and Dust

Mobi-Flex is a mobile extractor with “no maintenance” replacement cartridge filters for mechanical cleaning of welding fumes and light grinding dust. The perfect solution to welding or other dust problems.

### Replacement Cartridge

Two step filtration. First a combined spark trap and pre-filter and then a 14 m<sup>2</sup> filter cartridge with up to 99,9 % efficiency. Simply remove the cartridge when full and insert a replacement cartridge. Takes just a couple of minutes.

### Flexible and economical

Mobi-Flex is robust, yet the easily manoeuvrable wheels and the handles make for effortless transportation. Add to this the new super-flexible Flexi extractor arm, and you have a supremely versatile and flexible filtration unit that can be moved between different work stations

### 30 Years Experience!

30 years experience of design and manufacturing at your service. The Plymoth products are a combination of well-proven technique and progressive new ideas.

**Plymoth is always a step ahead – but not expensive!**
